Volunteers Required

I'm a firm believer in the old adage that to get the best out of something, you have to put the effort in. So I'm looking to recruit organisers for the area, to plan and execute just one meeting each. This could be a treasure hunt, a visit to a place you know well or even a meeting in a pub. I will promote your ideas to the area via this newsletter and you will be the point of contact for that event. I'm asking for your help because I wouldn't want the area to become stale with the same functions cropping up again and again. So over to you, amaze me with your ideas. Next year the club will celebrate the 75th Anniversary of Jensen Motors and I would like to prove that the Wessex Area is the most active area within the club.

31st Bristol Classic Car Show

The Bristol Classic Car Show at Shepton Mallet will take place on 1st-2nd May 2010.

We have managed to negotiate special rates for club members who pre-order their tickets online before 31st March 2010. The offer saves 40% over tickets bought on the door.

To obtain this offer, log onto www.bccsl.co.uk and quote the reference CLUB9. This offer closes after 31st March and normal door prices apply from then on.

The show will once again offer separate parking for classic cars and you are encouraged to bring yours. There is to be a strict no **For Sale** signs on the vehicles using these car parks.

The stand is again in the Showering Pavilion (the main hall) number A53. Tea, coffee and good conversation are provided free of charge. If you wish to camp overnight, please contact Lewi for details on 01249 446648.

What have we been up to?

The December meet at the Hare and Hounds pub in Bath before our **Bath at Work** museum visit. Our thanks go to Tony Marshall for showing us around the museum and for his knowledgeable insight into the industry in and around the area.

Leah managed to find the dressing up box.

Behind is a Horstmann car built locally and looked after by Tony.

Get Well Soon Jean

As you read this please spare a thought for Jean Smith and her broken foot. Rumours of a weakened pair of feet - after a whirlwind tour of Paris for a rather significant birthday - are highly exaggerated. The culprit we are led to believe was the taxi / road / foot interface. Further rumours of Alan having to make dinner and cups of tea are also false, or at least they will be once he has fitted shopping trolley wheels to the cast !!!
